

What our students are saying:

“They went over everything I was struggling with.”

“This class was very helpful and has made me so much more prepared for the SAT.”

"This class was extremely helpful to me. It improved my test-taking skills for all tests I take."

"Very awesome class! I really learned amazing strategies and skills! Cannot wait to see my new and improved score! I have a good feeling already!"

Serving our community for over 15 years, the Antelope Valley College Corporate & Community Services program is committed to providing lifelong learning experiences through a variety of short-term, not-for-credit personal and professional development courses.

College entrance competition is stronger than never. The best way to help your child achieve their goal is through high SAT scores, combined with a high GPA and extra-curricular activities.

This SAT preparation program, presented by Innovation Education, features 16 hours of instruction and a mock SAT test. This course is designed to maximize students' SAT scores & provide the best possible opportunity to compete for the college of their choice.

- ❖ Students study SAT questions that frequently appears on the test, take a full-length SAT diagnostic test, and fine-tune their test-taking skills.
- ❖ Focus is placed on individualized instruction.
- ❖ Specific strategies are geared for handling each type of SAT question
 - Essay • Writing • Critical Reading • Algebra • Geometry
